A cookie is a small file which asks permission to be placed on your computer's hard drive. Once you agree, the file is added and the cookie helps analyse web traffic or lets you know when you visit a particular site. Cookies allow web applications to respond to you as an individual. The web application can tailor its operations to your needs, likes and dislikes by gathering and remembering information about your preferences.

We use traffic log cookies to identify which pages are being used. This helps us analyse data about webpage traffic and improve our website in order to tailor it to customer needs. We only use this information for statistical analysis purposes and then the data is removed from the system.

Overall, cookies help us provide you with a better website by enabling us to monitor which pages you find useful and which you do not. A cookie in no way gives us access to your computer or any information about you, other than the data you choose to share with us. You can choose to accept or decline cookies. Most web browsers automatically accept cookies, but you can usually modify your browser setting to decline cookies if you prefer. This may prevent you from taking full advantage of the website.

### **Visitor Analytics**

Visitor Analytics is a simple website analytics service which measures the traffic and visitors' general details of the customers' websites. Collecting these statistics, a website can make their visitors' experience better (e.g. which pages they visit and when, where they are approximately located, where does a user land first or if they are coming from a specific referral).

Basically, as a website owner using Visitor Analytics, we are using cookies to collect data about visitors' device type and screen size, approximate location, browser, OS, IPs, page visits, bounce rate, conversions and popular content on the website. All this data is pseudonymized and Visitor Analytics will never use the collected data to identify individual users or to match it with additional information on an individual user. Each visitor has control over the cookies placement.

### **How to control cookies**

You can control and/or delete cookies as you wish by checking your browser settings on each device - for details, see [aboutcookies.org](http://aboutcookies.org).

For further information, please check Visitor Analytics' [Terms Of Use](#), [Cookie Information](#) and [Opt-Out / Do Not Track](#).

Our website may contain links to other websites of interest. However, once you have used these links to leave our site, you should note that we do not have any control over that other website. Therefore, we cannot be responsible for the protection and privacy of any information which you provide whilst visiting such sites and such sites are not governed by this privacy statement. You should exercise caution and look at the privacy statement applicable to the website in question.

If you have previously provided us with your personal information, you may contact us at any time to ask for it to be removed from our systems. We will not sell, distribute or lease your personal information to third parties unless we have your permission or are required by law to do so.
